AMGEN MEDICINAL CHEMISTRY: OVERVIEW

**PhD-level positions available**
2 Med Chem openings across Cambridge, MA and Thousand Oaks, CA
1 DSD opening at Cambridge MA

www.careers.amgen.com

**Tools for Success**

- **Discovery Attribute Sciences**
  - Library (and single compound) purification, characterization, and vialing
  - Chiral separations and difficult achiral separations

- **Discovery Scale-up and Development (DSD)**
  - Early scale-up for toxicology studies and route optimization

- **Computational Chemistry and Cheminformatics**
  - SBDD, LBDD, Molecular modeling, MD, QM, in silico ADMET, Data mining, SAR analysis and visualization

- **Structural Biology**
  - World-class structural biology group with record of success across multiple target classes
