At Pfizer we deliver *Breakthroughs That Change Patients Lives*. In the Medicine Design Group we play a vital role in this mission through the discovery of Pfizer’s small molecule and synthetically-derived drugs. We are seeking creative and highly motivated individuals and leaders in Medicinal Chemistry to join our world-class Medicine Design team in Cambridge MA, Groton CT, La Jolla CA and Boulder CO to build upon our rich history of innovation in Medicinal Chemistry and deliver Pfizer’s drugs of the future.

Discovering new medicines at Pfizer takes teams with a diversity of skills, behaviors and approaches. Creativity, scientific excellence, tenacity, passion, hard work, organization, teamwork, courage, open-mindedness, curiosity – are just some of the traits successful Drug Discoverers display at Pfizer, and we are currently looking for several *Synthetic Chemists* and *Design Chemists* at different levels over the next 6 months. Here is a list of our current openings as well as an opportunity to join our Medicinal Chemistry Talent Community;

**Associate Scientist, Medicinal Chemistry (Job ID 4784617), Groton, CT**

**Senior Associate Scientist, Medicinal Chemistry (Job ID 4784620), Groton CT**
